

DeaLIO

THE RESTAURANT DEALS FINDER

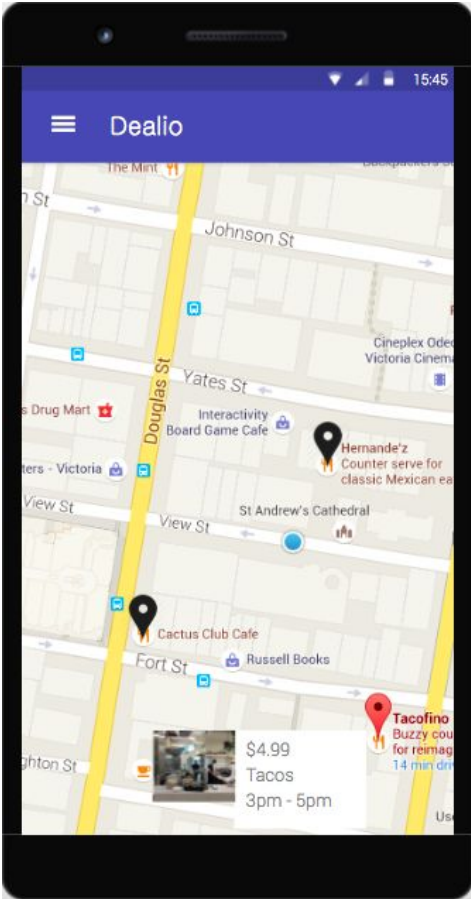

WetSoft Inc.

Justyn Houle, Brandon Harvey, Sam Taylor, Graeme Turney

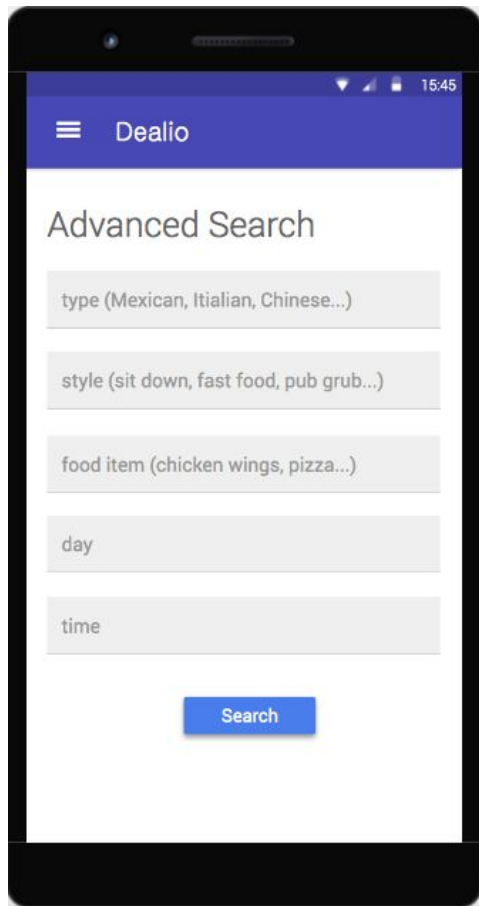

Dealio

- Application to assist in finding restaurant deals on-the-fly
- Targeting all Android smartphone users in the Victoria area
- Multiple methods of search, displaying results, directions, and mapping

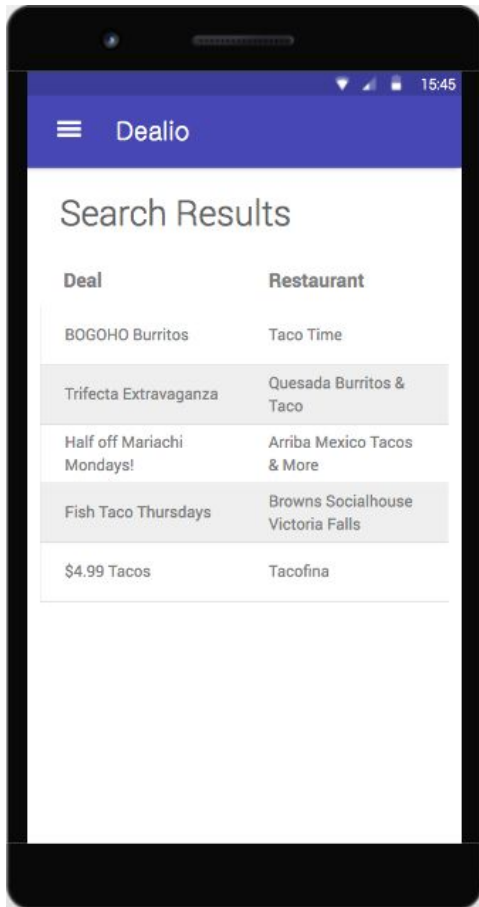

Mapping Interface

- Restaurants not currently having a deal have black map markers
- Restaurants currently having a deal have red map markers
- Current deals are overlaid on the map

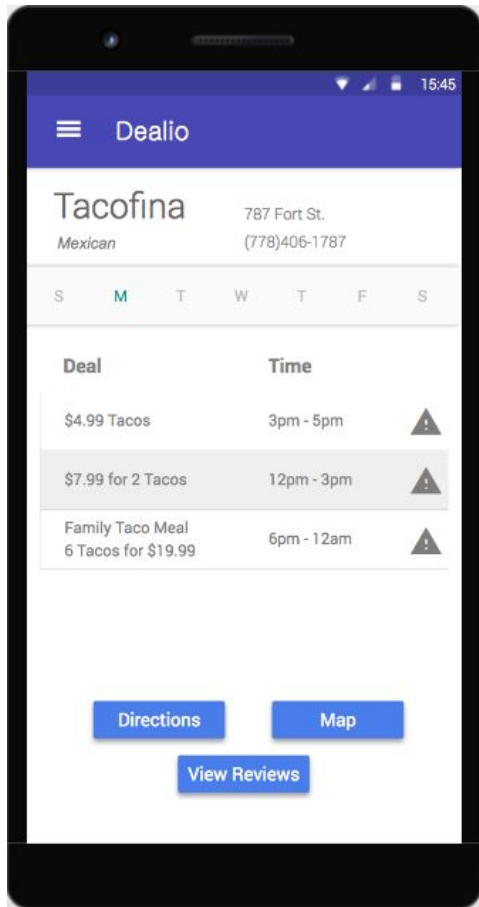

Searching

- Search by specific criteria
- Not required to fill out all search criteria
- Day and Time are dropdowns

Search Results

- Displays deals and associated restaurants
- Selecting a deal/restaurant will take you to the detailed restaurant view

Detailed Restaurant View

- Restaurants sort deals based on day of the week and time of day
- Provides access to obtaining directions to the restaurant, showing the restaurant on the map view, or to view Google Reviews
- Report an invalid deal

Thank You!
